

StrengthscopeTeam™ is based on one of the world's leading strengths assessment suites – Strengthscope™. It is used by many world class organisations as a powerful team diagnostic and development tool (including Tesco, ING, Novartis, Bank of England, Santander and Orange). The StrengthscopeTeam™ profile pinpoints:

- Areas where the team is most energised and has the greatest potential for effectiveness
- Areas where the team has fewest strengths and may need to gain support and help
- Productive team habits the team has developed, and needs to develop, in order to become high performing
- Skill areas that the team will benefit most from developing
- Guidance on developing productive, versatile teams

BENEFITS OF ACCREDITATION

StrengthscopeTeam™ training accredits Strengthscope™ users to interpret profiles, provide feedback, and facilitate team strength development in order to deliver the following outcomes for teams:

- Improved team communication, problem-solving and focus on results
- Heightened appreciation of individual differences
- Enhanced accountability for delivering team goals
- Improved ability to identify and reduce performance risks

We will also provide you with our comprehensive Team Development Toolkit (comprising 35+ strengths exercises and over 25 hours of facilitation material).

WHAT THE COURSE COVERS:

- Gain expertise in StrengthscopeTeam™ - and its use as a market leading diagnostic tool for teams
- Learn how to take teams through our Peak Performing Team strengths development process to deliver outstanding, sustainable results
- Learn how to apply our energising team toolkit to boost engagement and outcomes
- Become proficient in team strengths facilitation across a wide range of team development applications

COURSE DETAILS:

Course costs are £500+VAT for the day's accreditation which includes our comprehensive Team Development Toolkit (comprising 35+ strengths exercises and over 25 hours of facilitation material) to use with teams at all stages of development.
